SHAMPOO VOLUME

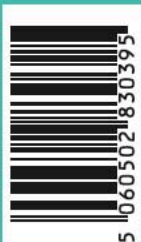

Soft cleaning care gives volume and tempting shine to the hair, makes thin hair stronger and restores its elasticity. Natural components of florentinic blueflag (*flour-de-lis*) extract help improve the appearance of damaged hair and increase structural protein — keratin, that results in rich volume and increased hair elasticity. Avocado extract easily penetrates the skin and makes hair pleasantly soft, shiny and flexible.

USE: Distribute a small amount of shampoo over wet hair, rub into the scalp and rinse thoroughly. Repeat if necessary.
